

# EDSBY APP FOR STUDENTS

Search “Edsby” in your preferred app store and install on your phone/tablet and follow the steps below.

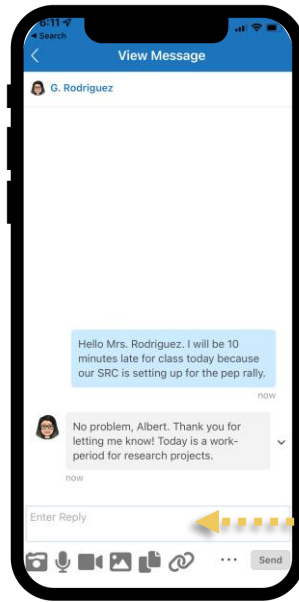

# EDSBY APP FOR STUDENTS

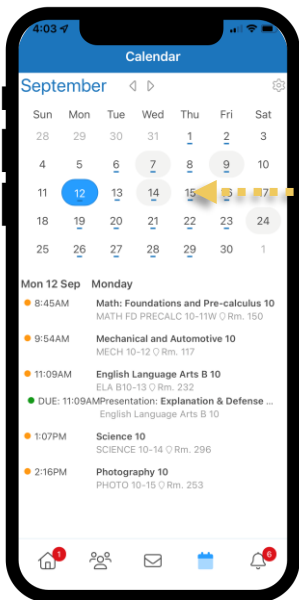

Click the button in the top left to view your **attendance record**, **recent activity**, **launchpad links**, and **adjust settings**.

There is the option for students to **message teachers** if the teacher has this feature enabled.

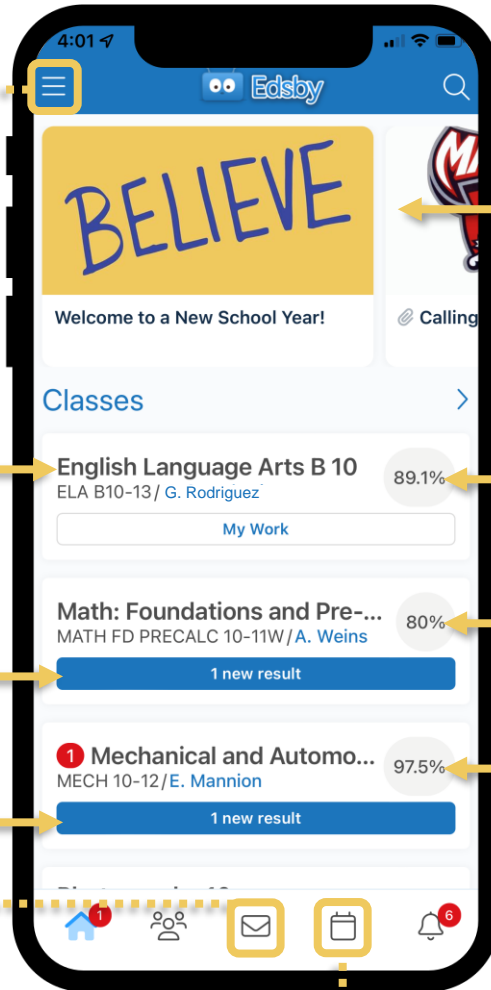

Stay organized with your Edsby **calendar**, which shows all events and assignments that are upcoming.

View school and division news/announcements.

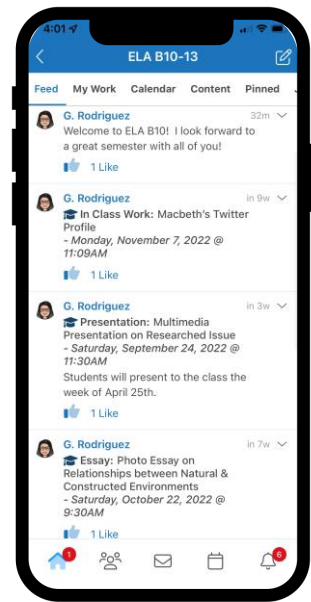

Click on a course name to see a class feed, achievement on assessments, course content, and more.

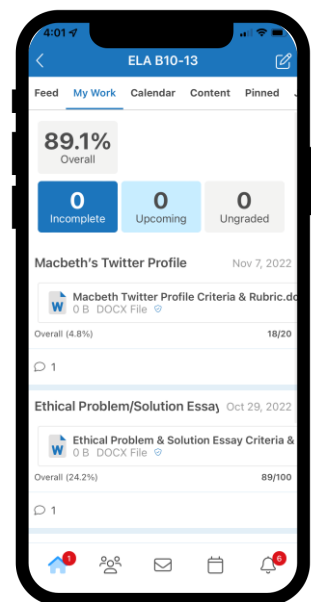

View your overall average in each course.

“New Result” means that an assessment has been graded by your teacher. Click to view.

Click a course on the main screen to view the **feed** of class activity, and....

...the **my work** section, which shows achievement on assignments, assignment flags, assignment details, etc... and...

...view the course **content**, which shows how the course is organized with units/themes and corresponding assessments.
